DETAILED ACTION

The following is a response to the amendment filed on November 28, 2005 which has been entered.

Response to Amendment

Claims 1-10 are pending in the application. Claims 11-21 are withdrawn.

- The information disclosure statement filed February 18, 2004 fails to comply with 37 CFR 1.98(a)(2), which requires a legible copy of each cited foreign patent document; each non-patent literature publication or that portion which caused it to be listed; and all other information or that portion which caused it to be listed. It has been placed in the application file, but the information referred to therein has not been considered.

-The 112 2nd rejection of claim 9 has been withdrawn due to applicant amending the claim to correct lack of antecedent basis of the "output means" limitation.

Response to Arguments

Applicant's arguments, see pages 7-9, filed November 28, 2005, with respect to the double patent rejection have been fully considered and are persuasive. The double patenting rejection of claims 1-6 and 8 has been withdrawn.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

-Claims 11-21 are cancelled.

Allowable Subject Matter

Claims 1-10 are allowed for reasons as set forth on page 9 of applicant's argument filed on November 28, 2005 and in combination with all the remaining limitations of claim 1.
